## Three Ways to Future-Proof your Data Analytics against the Changing Regulatory Landscape

30/07/2020

On July 16, the ECJ invalidated the EU-US Privacy Shield, one of the key mechanisms for lawfully transferring data between the EU and the US. Federated Learning and other Privacy Preserving techniques would help solve some of the new challenges organizations face.

## eIDAS Open Public Consultation

24/07/2020

The aim of this public consultation is to collect feedback on drivers and barriers to the development and uptake of eID and trust services in Europe and on the impacts of the options for delivering an EU digital identity. It targets broad public (e.g. citizens and end-users, including older persons and persons with disabilities) as well as companies directly [...]
